

### **Sales Representative - Power Transmission Products - Market Leading Brands**

We are looking for a person that has a passion for sales and enjoys long term relationship management. We want to be part of your developing career and assist you in progressing to a sales management position in the short term.

You will be representing world leading and respected product ranges in Power Transmission and engineering solutions. Our products include Hitachi, Sumitomo, Transtecno, Centa, Lawrence, PIX, and GB Power Transmission Products

Our business is located in Wangara, we have experienced rapid growth and we are looking for someone to not only start with us as a sales representative but have ambition to manage the sales team, sharing your valued experience and enthusiasm with future staff.

We require someone energetic to build and maintain our customer relationships. This is a challenging but rewarding role, you will be working for a company that rewards effort and performance.

The role consists of:

- Customer relationship building & achieving sales targets
- Managing and developing our customer data base
- Promoting our company and brands
- Customer visits as sales and brand representative
- Organising Marketing and product initiatives

A generous remuneration package will be offered including company vehicle, phone and uniform. We also offer an achievable bonus structure. Full technical training will be provided both in house and by factory personnel.

This is an opportunity to grow with our business and be part of a great team that will value and reward your contribution to our business.
