SUPER GOLD 1000

MITSUBISHI

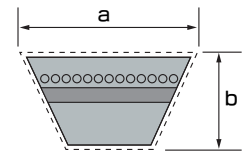

High-strength V-belts for Agricultural Machines

SUPER GOLD 1000

1. Structure

- Cord : Aramid
- Compression rubber : CR
- Cord Supporter : CR
- Cover fabric : Mixed polyester and cotton woven fabric with wide angle

Cross-Sectional Dimensions

*For dimensions, refer to the size table on the right page.

2. Features

- It is suitable for high load applications, and also replaceable with genuine parts.
- For its excellent wear and shock durability, the belt has a long service life and thus the frequency of replacement can be reduced.
- Because of its better flexibility, it can be used for reverse-bend application.
